### Touching Verse.

At first she touches up her hair  
To see if it's in place,  
And then with manner debonaire  
She touches up her face.  
A touch to curls behind her ear,  
A touch to silken collar,  
And then she's off to hubby dear—  
To touch him for a dollar.  
—New-Orleans Times Democrat.

The bee is like a man. All up  
And down the world he beats it;  
He gathers honey all his life—  
Some other fellow eats it.

Why does Great Britain buy  
Its oatmeal of us?

Certainly it seems like carrying coals to Newcastle to speak of exporting oatmeal to Scotland and yet, every year the Quaker Oats Company sends hundreds of thousands of cases of Quaker Oats to Great Britain and Europe.

The reason is simple; while the English and Scotch have for centuries eaten oatmeal in quantities and with a regularity that has made them the most rugged physically, and active mentally of all people, the American has been eating oatmeal and trying all the time to improve the methods of manufacture so that he might get that desirable foreign trade.

How well he has succeeded would be seen at a glance at the export reports on Quaker Oats. This brand is without a rival; it is packed in regular 10c packages, and in hermetically sealed tins for hot climates.
